Version 4

## Introduction

To help people save for their retirement, in many cases employers now have to put their staff into a staff pension scheme automatically. Your staff pension scheme is called GMPF, and is part of the Local Government Pension Scheme.

**If you want to opt out of GMPF, you must fill in this form and give it to your employer.**

## Important notes - what you need to know

- Your employer cannot ask you or force you to opt out of the pension scheme - if this happens, you can tell the Pensions Regulator at: [www.thepensionsregulator.gov.uk](http://www.thepensionsregulator.gov.uk)
- If you change your mind about joining, you can opt back in at any time while you remain eligible to do so – you can do this by writing to your employer or filling in form P3 available on our website: [www.gmpf.org.uk](http://www.gmpf.org.uk). In some cases though, the fact you opted out could affect your option to combine benefits when you do rejoin.
- If you stay opted out, your employer will normally have to put you back into the main section of the scheme in around three years time. But you will have the chance to opt out again then or move into the 50/50 option. (For more on the 50/50 option please see our website: [www.gmpf.org.uk](http://www.gmpf.org.uk))
- If you change jobs, your new employer will normally put you into a pension scheme straightaway
- If you work for **more than** one employer who offers membership of GMPF, you can choose to be a member in each of them or not. So if you want to opt out of all pension saving, you will have to fill in a **separate** opt out form for each one.
