### **Notes regarding commitments and valuations:**

Please note that the commitments detailed are shown net of cancelled commitments.

Please note that the data provided within this document:

- are based upon information available at the date the data was collated. Some valuations - particularly in respect of fund of funds - may be based upon valuations relating to dates prior to the valuation point adjusted for subsequent cash flows (where appropriate). Thus, the valuation may not accurately reflect the underlying assets of a fund/fund of funds at the valuation point.
- rely on the valuations provided by General Partners/Managers of the underlying funds or fund of funds, which are not verified by GMPF and which may not be particularly accurate forecasts of realisable value.
